Quarter	Number of Shots	Made
1	7	6
2	3	2
3	5	2
4	2	2

Text: Embiid was dominating in the first half, hitting nine out of eleven, probably the biggest reason for the 76ers 26-point lead. But that was because he was making most of his mid-range jumpers(6/8), which is not very sustainable. He only hit 3/9 in the second half, and none of his shots were near the rim!
